## AVALANCHE THE CONSTITUTIONAL AMENDMENTS

EDITOR To be Voted on July 19 Relate to the Judiciary, to the Payment of Salaries to Officers, and to the Issuance of Bonds by the Legislature.

There are three constitutional amendments to be voted on Saturday,

The first amendment relates to the judiciary. The only changes of Importance proposed is that If this amendment is adopted more than one judge can be elected for each judicial district, and instead of requiring two terms of the district court in each county each year, the terms of holding FEXAS, THURSDAY, JULY. 10. 1913 the district courts will be determined by the legislature. If you favor this amendment you should vote:

> "FOR THE AMENDMENT of section 7, article & of the Constitution of the State of Texas, relating to district indices and district courts."

If opposed, let your ballot read:

"AGAINST THE AMENDMENT of section 7, article 5 of the Constitution of the State of Texas, relating to district judges and district courts."

The second amendment provides that "all State, district, county and precinct officers within the State of Texas shall bereinsfor be compensated by the payment of a salary to be fixed or provided for by the legislature In other words, the adoption of this amendment will abolish the fee system ho ald be able to reduce his of him whether they crown That is, instead of district, county and precinct officers being paid by form, which in civil cases are collected from the litigants and in criminal cases, except felonies, collected from the party convicted of crime. The State pays the fees in felony cases. If you favor this amendment, your bullot should

> FOR THE ADOPTION of section 58, article 16, as an amendment to the Constitution, providing a salary compensation for certain

oppose it, scratch the above paragraph and leave the following: "AGAINST THE ADOPTION of section 5x article 16 as an amend-ment to the Constitution, providing a salary compensation for pertain officers.

The third and last amendment is known as the bond amendment and seeks to amend sections 49 and 57 article 2 of the Constitution. There are geveral subjects or propositions contained in this amendment. They are as

1. It authorizes State officials to create debts against the State to supply deficiencies in the current revenues to the amount of a half million dollars, which may be repeated as often as the debt is paid. The present limit is two hundred thousand dollars. The increase is three hundred thousund dollars. This debt may be converted into interest-bearing bonds at the pleasure of the legislature.

2. The legislature is given power to authorize the issuance of bonds to purchase additional ground and erect necessary buildings for the University. of Texas. This is to include a Medical Department and an Agricultural and Mechanical College in connection with the State University at Austin. There te no limit to the amount of bonds that the legislature may issue under this The worst habit that boys can clause, but the income of the university may be used to pay the interest and create a sinking fund to pay the bonds if the legislature so desires. It is left to the legislative will.

> The legislature may issue bonds for the construction of necessary buildings for the "State institutions." There are some eighteen or twenty State institutions, and it will be left with the legislature as to what bottleings are necessary. There will be practically no limit of the issuance of

4. The legislature may authorize the leauance of bunds secured by a Hen on the road property of the positentiary system for the purpose of constructing buildings and making permanent improvements. From the best information obtainable, the positioning system has lost anywhere from one and one-half million to two million dollars within the past two years and a half. The recent begishature authorized the bonding of all the property of the penitentiary except the State railroad for two million dollars, is nothing going on to attract the good books for their companions, three-fourths or which was to pay the debts.

The amendment authorizes the bonding of certain divisions of a Such a fate always follows the public; they will fill our legisla- county or any number of adjoining counties for roads and other public inhabit of sending your money tive and congressional halis, and provements by a majority vote. It now requires a two-thirds majority to large these bonds

> 6. In the improvement of rivers, creeks, building of levers to prevent everflows the bonded indebtedness may be for an amount not to exceed one half of the assessed valuation of the lands. It is now one-fourth,

> 7. The lasuance of bonds by a majority vote for the construction and maintenance of public warehouses or in aid thereof may be authorized.

As will be seen, there are at least seven distinct and independent propis the common every day chap the awakening years that will things as he wants and against such things as he does not want. He must against all. He is not permitted to exercise his free will to vote for such vote for all or none

Under the present Constitution and laws of this State no bond or State dabt, except as mentioned above, can be created or bonds issued except but he doesn't try to get a corn' tion may have the active work away from the taxpayer in so far as State bonds and State debis are concerned and transfer it to the legislature. The legislature can for the purposes edumerated, issue bonds is unlimited quantities without a vote of the laspayers

When the matter was first discussed, it was thought that six million he glides out of bed in the morn- have a hand it, doing things in cates of the bond amendment justifies the expectation of an immediate issue foliars would cover the amount, but the demands and promises of the advoof sine million dollars' worth of bonds if the amendment is adopted

"POR AMENIMENT to sections 69 and 55, of article 5, of the Constitution, authorizing the insuance of bunds for the University of Tozas, Agricultural and Machanical College, State Pentientiary System, and other public improvements and building of warehouses for agricultural products."

eted and leave on your ballot the following

"AGAINST AMENDMENT to sections 40 and 12 of article 3, of the Genetication, authorizing the issuence of Souds for the University of Texas, Agricultural and Mentantical College, State Peutentiary System, and other profile Sprovements and building of warehouses for agricultural prod etc."

which will be the last paragraph on the official ballot

Lacquer-All

PAINTS AND ENAMELS

I have a splendid assortment of these paints in the popular colors, black, red, light and dark oak, Klondike gold and in white. It is something entirely new and although it has been subjected to the severest of tests it has proven itself one of the most useful articles of the household.

#### Qualities of Lacquer-All

QUICK DRYING. Clear Lacquer dries within two to

QUICK DRYING. Clear Lacquer dries within two to four hours. Drying is not affected by heat or cold. Dries dust-proof within three hours.

HARD, DURABLESURFACE. Wears well, withstanding rubbing and abrasions.

ELASTICITY AND TOUGHNESS. Though doick drying and with enamel-like surface, astonishing clasticity is retained. Will not crack, chip, flake, peel or craze. Under hammer blow or heel print, does not crack.

WITHSTANDS HEAT. It is not effected by heat up to a high degree. Will not sun blister or scale. Unaffected by temperatures which would destroy the binder used in usual paints and varnishes.

paints and varnishes. ECONOMY. Being thin and quick drying. Lacquer-All products, Paints and Varnishes flow readily and spread over an unusually large surface. This refers to first cost economy but the long run economy, due to superior and enduring qualities is even greater.

#### Household Uses

METALS Every household offers immunerable opportunities where METALS. Every household offers immunerable opportunities where a clear lacquer may be used to great mivantage, saving labor, and affording protection. All metal work, whether brans, bronze, nickel or iron, once polished and coated with Lacquer-All, retains its bright lustre and it is prevented from tarmining or correcting for years.

LINOLEUM, PLASTER—The lineleum on the floor will be brightened and preserved by its use. Plastered walls are protected, beautified and made more sanitary by its application. They can be freely washed

with map and water whonever desired.

FLOORS, STOVES New and old woodwork, furniture, hard and soft wood floors, can be permanently brightened and renewed by the use of Lacquer-All Varnishes. It's ready and convenient application makes ts use simple and a pleasure

Ask us for descriptive literature about Lacquer-AV Buy a small can and you will not want to be with out it in your home.

"Dry and Wet" Both Affected

A peculiar condition arises out of the State law imposing a tax of \$4,000 on non-intoxicating malt liquor dealers. The law applies with equal force in "dry and "wet" territory. An Austin man asked the Attorney General if he would have to pay \$4,000 to wee sell near-beer in Travis county a "wet" county. An affirmative answer was given. Thus a person would have to pay but \$65 to the State for selling beer in Travis county, but would be he sold near-beer.
